

TAYLOR ENGINEERING, INC.

Jacksonville, FL - May 2007

With six years of prior service to Taylor Engineering, Jonathan Armbruster, P.E. has rejoined the company as Director of Waterfront Engineering in the company's Jacksonville office.

During a three-year absence, Mr. Armbruster served as Vice President at MRD Associates, Inc. in Florida's Panhandle.

He earned a Master of Science degree in Civil Engineering from the University of Illinois. His graduate work focused on Environmental Hydrology and Hydraulic Engineering. With nine years experience in marina design and permitting, dredging, dredged material management, and marine structural engineering, he will direct a range of activities, from feasibility analysis through final design and construction phase services for waterfront engineering projects.

TAYLOR ENGINEERING specializes in Coastal Engineering, Hydrology and Hydraulics, Waterfront Engineering, and Environmental Services with offices in Jacksonville, West Palm Beach, Tampa, and Baton Rouge, LA.
